## **2019 LATE MODEL 5 RACE SERIES INFO**

### **MARCH 18, 2019**

We did it! It took a while, but we are going to be able to have a five race Late Model Series at Speedway 51 in 2019. As you may well know, I had a hard time getting the fifteen cars to commit to the Series. I want to thank all you race teams for your patience as I know you were probably tired of hearing from me, but this was extremely important for the future plans of Speedway 51. Unfortunately I did not get the fifteen I needed, but with commitments and partial schedule commitments, Joey and I made the decision to run the Late Model Series program.

A couple of issues were some not being able to race the entire Series, and another issue was the schedule. I can assure you that there are absolutely zero conflicts with any other local tracks including ACT races, Thunder Road and White Mountain Motorsports Park. This new schedule was researched and put together on Sunday, March 17, 2019. At this date there were zero conflicts. We cannot be responsible if other tracks change their dates to conflict with ours. I did everything possible so that we would not be in conflict with other teams and series big events.

We have had to make some schedule changes that should not hurt your racing schedule with us, and it may make it better for some. The biggest change is that there will not be a Late Model Series race on Friday, July 5<sup>th</sup>. Many teams felt that this was going to be a bad week with all the events going on. We listened to you and made the change.

## **2019 LATE MODEL RULES UPDATE**

It was originally stated that we would be allowing built motors in our Late Model Division. Since the two people that were interested in running a built motor did not file any paperwork, the decision has been made that we will not be allowing the built motors to race with us in 2019, and we will be following ACT Late Model rules completely. We are sorry for any inconvenience this may cause but since nothing was filed it is in Speedway 51's best interest to completely abide by ACT rules.
